

# RCKMS Office Hours Schedule (Spring 2022 Series)

## NOTES:

1. This office Hours schedule is separated into 4 sessions to cover conditions groups listed.
2. There are now 132 conditions available for authoring, after the addition of **24 New Conditions** included in this content release.
  - a. Condition groups to be covered during each session are shown along with total number of conditions within those groups (in parentheses)
  - b. New and updated conditions to be covered during each session are listed within the condition groups
  - c. This release also includes updates to 38 existing conditions, resulting in new versions of those conditions
3. New conditions are labeled as *New*.
4. Jurisdictions may author available conditions at their own pace, at any time.
5. Each office hours session will address COVID-19 updates.
6. Authoring Support is available
  - If your jurisdiction needs authoring assistance or a refresher on the publishing steps, please, visit [rckms.org](http://rckms.org) to submit an [RCKMS ticket](#). We will be happy to assist you.
7. Content Review and Change Request Period:
  - a. The deadline to submit any requests for changes/additions to RCKMS reporting criteria, RCKMS value sets, or RCTC is Friday April 22, 2022. Feedback and change requests received by the deadline will be considered by the RCKMS Content Team and may be incorporated into the next planned content release. Please submit your request here: [RCKMS ticket](#).
